## **DETAILED ACTION**

### ***Reasons For Allowance***

1. The following is an examiner's statement of reasons for allowance:

The prior art of record, either alone or in combination, fails to teach, suggest, or render obvious the combined limitations of the independent claim.

In particular, the prior art does not disclose creating a form whose field names are first used to define a collaboration schema (e.g., for a database), then uploaded to the collaboration space and used to create the database; and second incorporated into the collaboration space and made available to be used to populate the created database by entering values for those same field names.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Conclusion**
